still supported if needed)

The screenshot displays the Cartegraph Payments dashboard. The top navigation bar includes 'Home', 'Payments', 'Balances', 'Customers', 'Products', 'Reports', and 'More'. A search bar and a 'Create' button are also visible. The main content area is titled 'Payments' and shows a list of transactions with columns for 'AMOUNT', 'DESCRIPTION', 'CUSTOMER', and 'DATE'. The transactions are filtered by 'Succeeded' status. An overlay window titled 'Reports overview' is shown in the foreground, displaying four charts for 'Gross volume', 'Net volume from sales', 'Successful payments', and 'Spend per customer', all showing a +100.0% increase compared to the previous quarter.

AMOUNT	DESCRIPTION	CUSTOMER	DATE

CARTEGRAPH FOR ROW PERMITTING
DEMOS AND DETAILS

CARTEGRAPH FOR ROW PERMITTING

HOW IT WORKS: 4 STEPS

1. Contractor/resident submits permit application via user-friendly portal on the municipality's website.

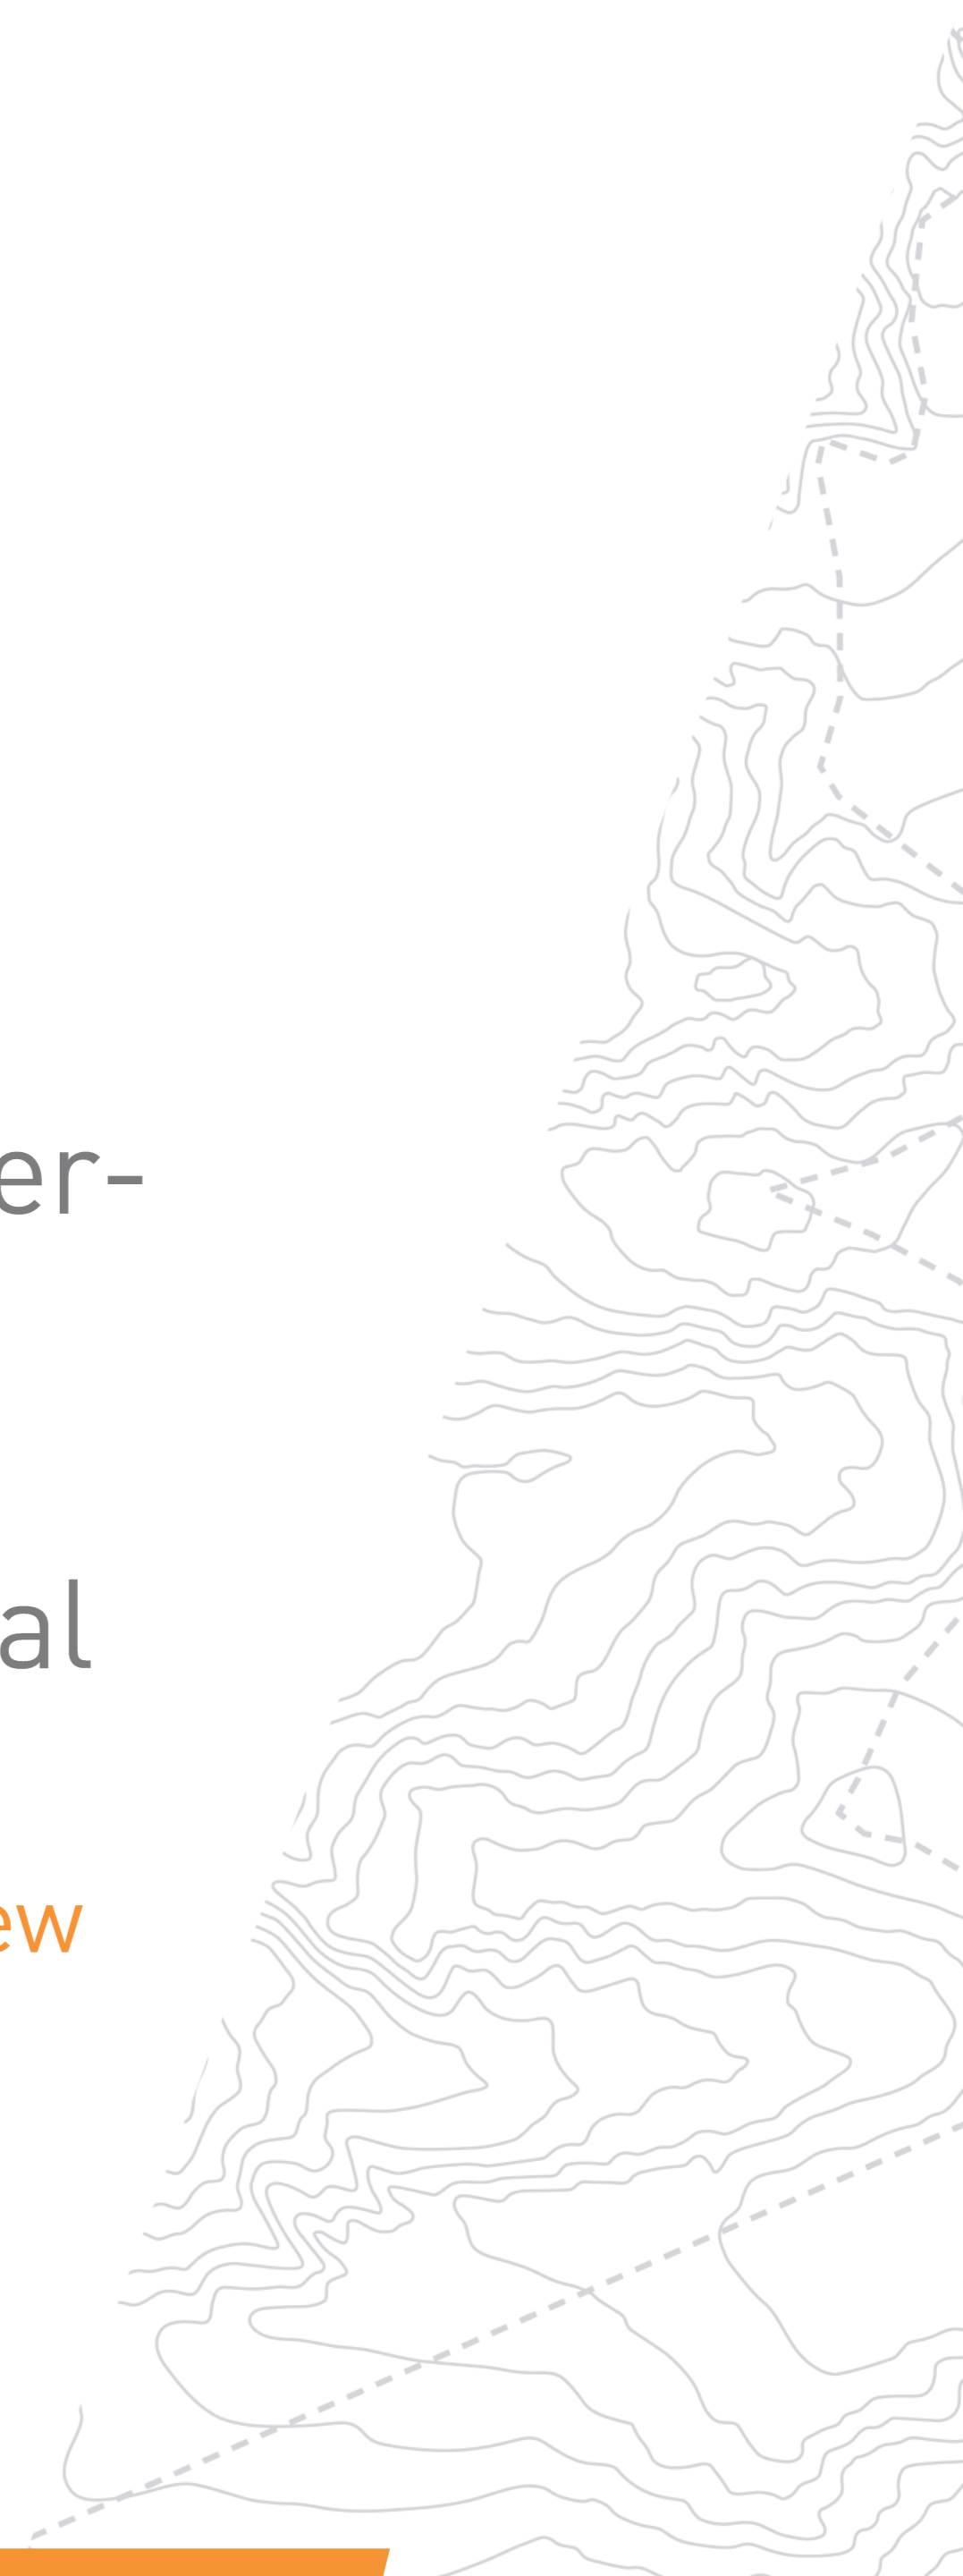

Any missing information will be captured via the portal.

2. Once the application is complete, it goes to the approval queue.

Inspector or engineer will see the permit in their queue. They review the application and mark it approved.

3. Applicant is notified and payment is requested.

4. When payment is made, applicant gets digital permit.
